

HEALTH, SAFETY, SECURITY, QUALITY AND ENVIRONMENT (HSSQE) POLICY

Miclyn Express Offshore Pte Ltd is committed to ensuring highest standard of Health, Safety, Security, Quality and Environment practices in compliance with industry-standards, best practices and all applicable legal requirements.

Our services to our stakeholders go alongside with protection of the environment at air, land and sea. Top management commits to provide framework and channel resources for the implementation of the HSSQE policy and achievement of its objectives.

The Company defines HSSQE excellence as creating a sustainable business that achieves ZERO harm to people, environment and assets through effective implementation of our Integrated Management System (IMS) in pursuit of our mission to deliver safe, sustainable and cost-effective marine transportation solutions for our stakeholders and society at large.

Miclyn Express Offshore will be achieving that through the implementation of the below HSSQE strategic pillars.
